Grove Primary School

Local Governing Body

Key elements of governance:

- With the leadership of the school, establishing and sustaining the culture, climate, ethos and values of the school.

- Taking a clear role in holding the leadership of the school to account with regard to standards, i.e. knowing how the school compares against similar schools and nationally. Particular importance should be placed on levels of progress and attainment for all pupils generally, and vulnerable groups in particular. All governors should be aware of the standards achieved and through appropriate challenge of the leadership of the school, what is being done to continue to improve them.

- Ensuring that the school’s financial management is robust, achieves a high level of value for money and complies with all audit requirements. This is public money and governors need to assure themselves that it is being spent appropriately and efficiently.

- Beyond the above, there are further responsibilities that need to be met by the LGB. They include:
  - Ensuring all Health and Safety requirements are adhered to;
  - Safeguarding and child protection;
  - Staff welfare;
  - How special education needs are met, including those of gifted and talented pupils;
  - Contributing to the performance management of the Head/Principal.

Rules for membership: The committee shall consist of a minimum of four governors which will include the Headteacher.

Quorum: The quorum for a meeting of the Local Governing Body, and any vote on any matter thereat, shall be any three of the members of the Local Governing Body, or, where greater, any one third (rounded up to a whole number) of the total number of persons holding office on the Local Governing Body at the date of the meeting.

*The clerk arrived at this point in the meeting (6.30 pm).*

5. Premises  
**TG:** Is POD still under warranty?  
**MH:** Will the firm who installed it carry out the repair?  

The school has received a quote for replacement of tanks. A repair is required to the POD. The POD was supplied by a company located in Liverpool but the school has not been able to locate the paperwork to confirm who the contractor was. AC may be able to advise on this, the Chair will contact AC, KH will also carry out some further investigations to identify the supplier.

7. Staff wellbeing questionnaire

8. Reports from Governor Visits  

Governors received an update on governor visits which have taken place since the last meeting.

**TG:** Visited to finish subject reviews which included a walk round, speaking to different TAs about the interventions they do for SEN children ie what they are doing and how they are recording progress. This included reading, phonics and maths interventions and the whole range of year groups. A report has been completed.

**TG:** Visited Madame Godet, a report has been completed.

**TG:** Attended a pupil premium and SEN discussion with the headteacher and the headteacher from Red Oak School. The headteacher from Red Oak gave advice on how the school should be recording information in the record book and questions governors should be asking. This was an advice
session and further feedback will be received from the headteacher of Red Oak. TG has submitted reports for all visits, not all reports for subject reviews had been submitted to KH who will chase up with relevant staff members.

Governors discussed the format of the reports for subject review visits and whether these should be written by the staff member or governors. Governors agreed they should be writing their own account for the subject review meetings.

### 10. ALT Business

Governors had attended the briefing session on 10th May at Carlton Manor; all schools were well represented at the event. The session provided an update on the structure of the governing body going forward. Governors noted ALT will be taking responsibility for monitoring finance and will be issuing a revised scheme of delegation. ALT have increased the number of schools which includes an SEN school. Governors received an update on the Academy Improvement Plans and engaged in an activity to review governors’ roles and responsibilities in relation to the self-evaluation process.

### 11. Succession Planning

Governors held an informal discussion related to succession planning, key points to take forward:

Going forward it is essential the school has a robust governing body, committed to the school. Governors were asked to contact the Chair if they have any concerns, the Chair offered support for governors if they have any doubts about their ability to support the school.

To enable governors to hold the school to account training is
required. Some governors are new and, whilst they may be experts in their own field, are not familiar with education systems; they require initial training from ALT in relation to what they need to know and what they should be doing in their role. The clerk will make ALT aware of the need for more structured training, particularly for new governors.

Governors would like more information about what the Trust is doing to support the school and its governors, particularly now ALT Board has taken on responsibility for monitoring finance etc. Governors agreed it would be helpful if a representative from ALT attended a governors' meeting at least once during the school year to provide an update. The clerk will take the request forward to ALT.

Governors agreed it would be helpful to receive an update on changes to English and maths; KH will provide an update at the next meeting.
